HEADWEAR

Baseball is where we started, and it's where we continue to lead. Our headwear is built for players and teams who demand performance, durability and timeless style. From the fully customizable Performance Team series caps trusted at every level of play, to visors and other baseball and softball favorites, this collection delivers the Richardson fit, feel and function athletes count on.

CUSTOMIZATION LEVELS

STOCK

In stock blank styles ready for decoration.

STOCK

CUSTOM USA

Select custom colors for the crown, bill, eyelets, button, and piping, then add your team's custom decoration. Hand assembled in Oregon. See page 20.

CUSTOM USA

CUSTOM USA EXPRESS

Select the base cap color, add custom eyelet and button colors, then finish with custom team decoration.

CUSTOM USA EXPRESS

CUSTOM ULTRA

A fully customized PTS cap made with custom colors and decoration. Built to your specifications at our overseas factory and delivered in 4 weeks from art approval. See page 21.

CUSTOM ULTRA

NEW SHAPE. NEW FIT. THE PTS75.

Built in our new Full Pro2 shape with slightly wider front panels and full-depth back panels, the PTS75 is a modern take on the fitted Pro Model cap. It's packed with performance features like moisture-wicking Score fabric, laser perforations, Stay-Dri sweatband, and new System 5 sizing for an easier, more comfortable fitting cap.

FULL PRO2 SHAPE

This new shape features a six-panel crown with slightly wider front panels and full depth back panels for a modern athletic look.

SCORE FABRIC

Features UPF50+ and moisture-wicking technology, keeping you protected and dry.

SYSTEM 5 FIT

System 5 sizing delivers the look and feel of a fitted cap with the convenience and comfort of just five stretch-fit sizes. Each System 5 size covers two traditional fitted sizes.

GLOSSARY

UNIFORMS & APPAREL

3-BUTTON PLACKET

Our 3-button placket gives our polo design an adjustable fit, ensuring versatility and comfort on the golf course or out for a casual day with friends.

4-WAY STRETCH FABRIC

Our 4-Way Stretch Fabric allows Richardson apparel to move effortlessly with your body in all directions, ensuring superior comfort and performance for any activity.

ANTI-MICROBIAL FINISH

Our anti-microbial finish means that our fabric helps fight odor-causing bacteria, mold, and mildew, ensuring the garment stays fresher longer—no matter the challenge.

ATHLETIC FIT

Tailored closer to the body to accentuate an athletic build, this cut offers a more streamlined fit.

DOUBLE-LAYER KNEE

Our double-layer knee give reinforced protection and durability, ensuring reliability and resilience in demanding gameplay.

DRYVE LT

Dryve LT is our lightweight, textured fabric designed for maximum breathability, featuring Stay-Dri technology and 2-Way Stretch for unparalleled comfort and flexibility.

FLATLOCK STITCHING

With flatlock stitching, our apparel provides a smooth and comfortable feel against the skin, ensuring a distraction-free fit during intense workouts or long-distance runs where every detail matters for peak performance.

FLEX-GRIP

Flex-Grip waistband provides a non-slip grip, preventing pants from sliding down or shifting during play.

FLUORINE-FREE WATER RESISTANCE

Incorporating fluorine-free water resistance, our garments offer protection from rain and moisture without harmful chemicals, ensuring eco-friendly performance for outdoor adventures without sacrificing functionality or sustainability.

FLX

Our ultra-soft FLX fabric is a flat knit, medium weight material with 4-way stretch, designed for ultimate comfort on the move.

FLY-LT

Our Fly-LT fabric is a lightweight, flat knit with mechanical stretch, perfect for peak performance on the diamond.

FLY-X2

Fly-X2 is our lightweight, textured knit fabric with mechanical stretch, engineered for ultimate performance.

KANGAROO POUCH

The kangaroo pouch is a pocket fabric panel that is sewn on the outside of the main body of fabric of the front lower half of the garment, offering convenient storage for essentials—giving you easy access to your belongings while on the go.

HYPR TWILL

Featuring the same tightly woven pattern as classic twill, this is our premium version of durable tackle twill.

IGNITE LT

Available in both headwear and apparel, this lightweight fabric is a durable, woven polyester that stretches for improved fit and comfort while keeping athletes cool with Stay-Dri moisture management technology.

KNIT-IN ARCH SUPPORT

A key feature in Richardson socks, our knit-in arch support gives your foot stability and ensures a good fit on the field.

LOW-RISE FIT

Starting below the waist, our low-rise fit pants sit at the hips to provide greater comfort for female players.

MATRIX

Available in both headwear and apparel for a head-to-toe look, this pin-dot mesh is a ventilated fabric that stretches for an improved fit and features Stay-Dri moisture management to keep athletes cool by accelerating the natural evaporation process.

MAX-MOTION ENGINEERING

This suite of performance-focused construction methods - including raglan sleeves and strategically placed gussets - provides enhanced range of motion and distraction-free fit.

PIPING

Narrow strips of fabric are sewn along the seams or edges of the cap or uniform for a decorative element to accentuate the design's lines and add visual interest. Piping can highlight the shape of the product, emphasize its structure, and provide a refined, finished look to the overall design.

PRODURA

This premium, heavyweight performance polyester knit features 2-way stretch and Stay-Dri moisture management, making it ultra-durable.

PROTEK

This durable knit performance polyester features a flat, clean face and incorporates Stay-Dri moisture management technology to keep you dry.

SCUBA HOOD

Our scuba hood is designed to provide full coverage from the elements, ensuring protection and comfort during outdoor activities braving the rain or wind.

SET-IN SLEEVES

Set-in sleeves provide a tailored look while allowing unrestricted movement, ensuring both styles and flexibility on the diamond.

SLIDING LINER

Incorporating a sliding liner into our baseball pants enhances durability and protection slide after slide, making them perfect suitable for baseball and softball athletes.

STANDARD FIT

This fit is designed to accommodate a variety of body types, offering a looser fit around the arms, chest, shoulders, hips, and waist.

STAND-UP COLLAR

Our stand-up collar gives our polo all-day style from the golf course to dinner with the family.

STAY-DRI MOISTURE MANAGEMENT

Breathable performance polyester wicks moisture away from the body to the outer area of the fabric to accelerate evaporation. Faster evaporation helps keep the fabric dry and light so the wearer stays ready for whatever comes next.

STRAIGHT FIT

A straight fit pant creates long, clean lines from the waist to the ankle, with the material falling evenly without tapering.

TAILORED FIT

Pants with a tailored fit are more narrow to the ankle and close-to-calf for a streamlined, modern look.

TUNNEL POCKET

The tunnel pocket features hand holes cut into the main fabric of the lower from side of the garment, with the pocket panel sewn inside. The design offers quick, discreet storage, perfect for keeping essentials close while maintaining a seamless appearance on the go.

WATER REPELLENT

A combination of tightly woven fabrics and hydrophobic treatments repels water to help keep you dry and protected from the elements.

BILL

The bill is located at the front of the cap and extends outward to provide shade from the sun. It is typically made from a material that maintains its shape and can be flat or curved, depending on the cap design.

BUCKRAM

This stiffer material, fused behind a cap's front panels, provides structure and shape, creating a crisp appearance and ensuring the cap retains its form over time.

BUTTON

A small, usually rounded part located at the top center of a cap's crown, the button secures the point where the cap's panels converge. Beyond its structural role, it can also be a decorative feature that complements a cap's overall color design.

CAMPER

The Camper is a low profile five panel shape with solid front panels that can be lined or unlined. A flat bill and two side eyelets are distinctive features of this outdoor headwear staple.

CHAMP

The Champ offers a bold new shape with a taller, structured five panel pinch front, flat top and sloped back panels. Normally comes with our standard pre-curved bill.

COMFORT STRETCH SWEATBAND

Our stretch-fit sweatband incorporates stretch fibers to simplify sizing and provide wearers with a comfortable fit all day, every day.

CROWN

The upper part of a cap that covers the head, forming the main body. Typically composed of panels that are sewn together creating the shape and structure of the cap. The crown's design, height, and construction are crucial in determining the cap's overall style and fit.

EYELET

These small holes, typically located around the crown, provide ventilation, allowing air to circulate and reducing heat buildup. They are usually reinforced with metal, stitched rings, or silicone and can serve as a subtle color hit to coordinate with the cap's overall color design.

FULL PRO

Our Full Pro shape delivers a modern athletic look with its structured, 6 panel crown shape, slightly wider front panels and full depth back panels. Usually comes with our Pro UForm bill.

FULL PRO2

This new shape features a six-panel crown with slightly wider front panels and full depth back panels for a modern athletic look.

GRAMPS

This semi-structured, five panel pinch front shape is intended to look a little wrinkled and untailored just like your grandpa's cap.

HIGH PRO

This structured, high profile crown shape, first made popular in the mid 70's, offers taller front panels with shallower and sloped back panels and usually has a flat, standard shape bill.

IGNITE LT

Available in both headwear and apparel, our lightest-weight fabric is a durable, woven polyester that stretches for improved fit and comfort while keeping athletes cool with Stay-Dri moisture management technology.

LASER PERFORATION

A testament to our dedication to style and functionality, these precise, cleanly-cut openings enhance breathability, merging precision craftsmanship with modern style.

LITE

Our lightest-weight fabric, Lite is woven with a subtle texture on its face for a modern, athletic look, while Stay-Dri moisture management technology keeps you cool and dry.

LOW PRO

Our Low Pro shape is a lower profile version of our 6 panel, Mid Pro shape. With structured front panels that slope back and a slightly shallower crown depth, this shape delivers a clean, tailored look. Always uses our standard pre-curved bill.

MATRIX

Available in both headwear and apparel for a head-to-toe look, this pin-dot mesh is a ventilated fabric that stretches for an improved fit and features Stay-Dri moisture management to keep athletes cool by accelerating the natural evaporation process.

MID PRO

This is our most popular Pro Model shape with its slightly rounded, structured front panels. Not too high, not too low, just the right shape. This shape is used across several categories and comes in a 6 or 5 panel version and is available in different bill shapes and curves.

PIPING

Narrow strips of fabric are sewn along the seams or edges of the cap or uniform for a decorative element to accentuate the design's lines and add visual interest. Piping can highlight the shape of the product, emphasize its structure, and provide a refined, finished look to the overall design.

PRECURVED

Precurved bills are shipped factory-shaped with the perfect curve, meaning the cap is ready to wear with a natural, ergonomic fit that conforms to the shape of the wearer's face, offering better sun protection and a classic look.

PRO MESH

Pro Mesh is our durable, heavy-weight, knitted mesh that features bird-eye patterning to improve ventilation.

PRO TWILL

Slightly stiffer and a bit heavier than our standard cotton twill, Pro Twill is designed to stand up to whatever the athlete can throw at it.

PULSE

Our premium, on-field performance polyester is knitted for a clean, technical look that stretches to deliver a perfect fit, while Stay-Dri moisture management technology, wicks away sweat to keep players cool in the heat of the game.

R-FLEX

R-Flex stretch in the sweatband and crown makes sizing simple, improving comfort and performance during long periods of wear.

RELAXED

Commonly referred to as a Dad hat, this unstructured, 6 panel, low profile shape with a precurved bill is a comfortable look for any age group.

SANDWICH INSERT

A contrasting strip of material is inserted along the edge of the cap's bill between the top and under panels, adding a subtle yet distinct color pop to the cap and a dynamic way to customize your team's look.

SMART 7

This structured, seven panel shape is distinguished by a full width front panel, curved top seam and flat bill for a contemporary look.

SOFTSNAP ADJUSTABLE BACKSTRAP

Our Softsnap adjustable backstrap is engineered to be softer and more flexible than the standard plastic alternative. Made from thermoplastic polyurethane, the TPU material is similar to a mix of plastic and rubber, making it durable and smooth for ultimate comfort.

SPORTMESH

This tightly knitted stretch mesh gives a clean, technical appearance with improved fit characteristics for advanced performance and comfort during all-day wear.

STANDARD SWEATBAND

Made from soft, durable cotton, our Standard sweatband provides all-day comfort while keeping sweat out of your eyes.

STAY-DRI SWEATBAND

Moisture-wicking technology where you need it most - the sweatband - to keep you cool, dry, and comfortable.

SURGE

Designed to replicate the look and feel of traditional wool serge (once the standard textile used for making baseball caps) this performance-spun polyester features Stay-Dri moisture management technology and impressive durability thanks to its woven construction.

SYSTEM 5

System 5 sizing delivers the look and feel of a fitted cap with the convenience and comfort of just five stretch-fit sizes. Each System 5 size covers two traditional fitted sizes.

PRO U-FORM

Exclusive to the PTS line, this memory bill holds its shape so players can wear it curved, flat, or anywhere in between for a personalized look and improved protection from the glare of the sun.

UNDERBILL

The underside of a hat's bill or brim. This area can be designed with various colors, patterns, or textures, distinct from the rest of the cap, adding an additional element of style. The underbill's color and material can also reduce glare in sunny conditions.

VISOR

Visors are designed to shield the sun from your eyes while keeping your head cool. Smaller, simple decorations tend to work best on this style of headwear.
